

Meet Our Speaker: **Dr. John Young, M.D.**

Dr. Young has dedicated his career to identifying and addressing the root causes of chronic illnesses. Utilizing biochemistry and physiological Nobel Prize research to focus on cellular health and restoration, Dr. Young has shifted medicine from treating symptoms to halting and even reversing chronic illnesses.

He is the author of the book 'Beyond Treatment' and his groundbreaking success using his Young Health Shake protocol as the foundation for rebuilding his patient's health has been widely adopted across the country. Dr. Young has a thriving private practice in Largo, FL, where his goal is getting patients better and off medications.

Dr. Young practiced emergency medicine for over 15 years and in addition to his medical degree, he holds a bachelor's degree in Political Science, and a master's degree in Public Administration. Dr. Young shifted his overall philosophy in medicine after questioning the extensive use of pharmaceuticals to treat chronic illnesses and started researching true lasting solutions to those illnesses.

Dr. Young appears extensively on television & radio as well as speaking events across the country. Because of this reach, Young Health Products will be able to promote your event to its over 14,000 customer database.
