The Islands of The Bahamas Need Your Help

As Hurricane Dorian was raging through Abaco yesterday, leaders of District 7020, the Disaster Network of Assistance Action Group and neighboring Rotary Districts in Zone 33-34 gathered to formulate plans for the recovery efforts they knew would be needed the very next day.

The team is on alert and will be meeting on a very regular basis, confirming the status of Rotarians and clubs and monitoring the immediate and longer-term needs. Our experience of the storms of 2017 will serve us well as we head into another year of returning these islands to their former beauty.

Although the brunt of the storm was borne by the northern islands of the archipelago, much of the area, including Nassau, New Providence, continues to experience heavy rainfall and flooding.

- Funds to aid The Bahamas specifically may be send directly to the Bahamas Disaster Fund. Donations to assist with recovery efforts in all territories affected may be donated through DAF #574 at Rotary International
