SEMINOLE SMOKE SIGNALS

Club Number 4289

August 7, 2013

The following questions were set in last year's GED examination
These are genuine answers

Q. Name the four seasons

A. Salt, pepper, mustard and vinegar

Q. Explain one of the processes by which water can be made safe to drink

A. Flirtation makes water safe to drink because it removes large pollutants like grit, sand, dead sheep and canoeists

Q. How is dew formed

A. The sun shines down on the leaves and makes them perspire

Q. What causes the tides in the oceans

A. The tides are a fight between the earth and the moon. All water tends to flow towards the moon, because there is no water on the moon, and nature abhors a vacuum. I forget where the sun joins the fight

Q. What guarantees may a mortgage company insist on

A. If you are buying a house they will insist that you are well endowed

PRAYER FOR TODAY: Lord, when I see the wrong around me, give me the courage to speak up for what is right. Amen
